

ZERO GRAVITY FOUNDATION

Decentralized venture fund. International
aggregator for digital, innovative and
blockchain technologies

ZERO
GRAVITY FOUNDATION

The logo for ZERO GRAVITY FOUNDATION, featuring the word 'ZERO' in large white letters above 'GRAVITY FOUNDATION' in smaller white letters, all set against a glowing blue circular background.

The purpose of creating the fund is to unite investors and business angels into a single decentralized pool

Selection of the highest quality

and promising projects in the field of innovative technologies

Acceleration and scaling

developments and projects that can significantly affect the world around us, the economy and the quality of life of people

Development and implementation

environmental programs through association with charitable foundations

Infrastructure & Ecosystem

Zero Gravity Foundation

1

Blockchain platform

Open source ZHCash for business digitalization, building decentralized applications and databases powered by smart and intelligent master contracts

2

Developing environment

To identify and select innovative projects, conferences and forums are held at the international level

3

DAO ZHCASH

The founders of the Zero Gravity Foundation is a decentralized autonomous organization DAO ZHCASH. Community of business angels and developers

4

Accelerator

Development of charitable and environmentally friendly projects. Online school of digital technologies with the introduction of VR / AR technologies

5

NEWDIGITAL LIFE

International forum on digital, innovative and blockchain technologies "New Digital Life", which unites businessmen, integrators, developers, engineers

**Map of projects,
developments
Zero Gravity Foundation**

Unique projects in the field of VR reality

ZEROGRAVITY LAB

Aggregator of technologies and developers in the field of VR/AR and related equipment, which has its own network of showrooms

EDVROMENT

Learning Platform Using VR/AR Linguistic Neural Networks

Projects in the field of VR reality

VRAIO

VR-reality app for adults with the effect of full immersiveness and presence

QUASARVR

AR/VR development studio

I am VR

Youtube, TikTok, Instagram media project: "Association of VR/AR Artists". Drawing teaching, digitalization of VR and NFT

ZEROGRAVITY STREAM

Media platform 3D + VR. Large-scale broadcast service in 360° mode

Innovative projects in the field of AR reality

NEFERTITI

Exchange of NFT tokens with AR-reality

CYBERION

AirDrop app with game mechanics in cyber style

Projects in the field of AR-reality

DIGIMALL

A platform for accurate navigation around the mall with AR reality and the possibility of gamification in advertising of its facilities

WINDICAR

Constructor-configurator of auto-tuning in VR/AR-reality

Impressive solutions in the fashion and beauty industry

INNONAILS

Mobile app. Technology progress in the beauty industry. Marigolds with AR reality and NFC chips

MIRRALUX

Mirror for trying on clothes with AR-reality

MIRRAGE

Makeup mirror with AR reality

Progressive technologies in real estate

VISAR CRAFT

Fast “building” of houses and creating interiors using the capabilities of a neural network in VR / AR reality

PORTAL ESTATE

An international digital real estate agency with a choice, with the help of VR / AR-reality and full immersion in the property

Social projects

CYBERLY

Marketplace and social network for cyborgs, the application was created as an ecosystem of support and help for people without limbs

SAYBAY

Application for instant acceptance of orders for the translation of texts and documents with notarization

AGRO SHIPMENT

Platform for procurement and organization of logistics. Active use of resource capabilities during the harvest period, optimization of the flow of transport during loading and unloading using AI-intelligence tools

Neural networks and artificial intelligence

TULOMA

Short video recorder using neural networks

VIRTUALIS

Virtual promoter (online, video, hologram) using AI-intelligence, AR-reality, Deepfake technologies

SIMBIOTS STUDIO

Digital twins of people. Combining AI intelligence and virtual 3D consultants

Innovative Devices

GLASS

AR-reality glasses for solving the main tasks: remote control of equipment, real-time assistance, staff training and collaboration on digital twins of equipment

CYBERSUITS

Cyber suit for rehabilitation, effective training of motor skills, healing and strengthening of the body, obtaining a full range of tactile and kinetic sensations in VR space

Innovative Devices

VALANKON

System of scalar propagation of sound waves in space

ZENTORN

Modification coating with specially selected microporous structure and oxide phase composition. When coating, it helps to change certain properties of different surfaces

AQUALID

SOLO AQUA 2021 Device for ion-structuring water

Нейромаркетинг

SENSORYLAB

Neuromarketing R`N`D service

FUME.ID

Creation of individual aroma compositions based on psycho-emotional reactions

NEURO AIR

Smart multi-flow odor diffuser for point of sale and home

Communications and Marketing

QUASAR SPACE TECHNOLOGY

Studio for developing new generation communication solutions. Revolutionary solutions of software engineers that have no analogues in the world

CONNECT

Modern video service. PBX for audio and video calls and group video conferencing

[website](#)

BYTALENT.IO

Digital Real Estate Platform By Talent

[website](#)

NFT & MULTIVERSE

DEEPTOWN

Zero Gravity Multiverse.
Multifunctional multi universe
available for all devices

MTM

Multiverse Talent Market.
A multiverse of modern and antique art.
NFT market & VR gallery

NFT GLOBAL NETWORK

The probability of buying goods
and NFT lots will increase with the
use of existing NFT markets of the
network

Education and training

QUANTUM NETWORK

Within the framework and on the basis of the educational scientific center of the Academy of Quantum Consciousness, a large international educational network of a new formation is unfolding

QUANTUM ACADEMY

Academy of Quantum Consciousness.
Education and training in innovative sciences and technologies

BLOCKCHAIN

The network consists of a number of projects. Solidity academy. Python Studio. C/C++ training. Neural networks and AI

Telecommunications

CORPORATE CLOUD

DAO and the fund has a large cloud infrastructure, which is managed by advanced technologies.

HOST 1

Data center.
Computing center.
hosting platform.

Q CLOUD

Remote control of an unlimited number of computers and gadgets.
Secure storage and transfer of data.
Cloud antivirus system.

DAX, IDO & Launchpad DAO

Decentralized Autonomous Exchange

DAX platform (decentralized autonomous exchange - Gravyplace), launchpad, tokenization of startups and attraction of investments with investor protection from the collapse of a startup or project, a unique and advanced technology in the field of acceleration

Initial DAX Offering

An investor can purchase GRAVY and exchange them for tokens of startups and projects of the Zero Gravity Foundation in the Gravyplace section of the DAX platform with their further conversion into shares

Zero Gravity Foundation roadmap and planning

2021

Creation of a fund

Creation of the Zero Gravity Foundation

Selection of projects & tech

Selection of the best projects in
the field of IT and Blockchain

2021–2025

Charity and ecology

Establishment of a charitable foundation
and development of environmental
projects

2021–∞

Consortium

Creation of an association of funds whose activities are focused on the development of technologies in the field of IT, blockchain, VR / AR, AI

2022

Available technologies

Market launch of technologies and products designed to improve the quality of human life

2023–∞

Zero Gravity Corporation

Creation of a corporation based on the development and implementation of innovative technologies in significant areas of human life and society

2024

2025

**Program launch
ZeroGravity Universe**

For cooperation and partnerships
